

Return from Bakersfield

Twenty members of the Kiwanis club of Torrance and their wives attended the Kiwanis Mid-Winter Conference at Bakersfield last week-end. The group was headed by Club President Jay Barrington. The meetings were held at Harvey auditorium and were attended by over 2000 Kiwanians of the California-Nevada-Hawaii district. The conferences are held yearly to assist Kiwanis clubs in their programs of com-

munity service during the present year. Attendance was especially large this year from Kiwanis clubs of the Southwest Los Angeles area in honor of District Governor Logan Cotton, a member of the Kiwanis club of Hermosa Beach. Governor Cotton called the meeting to order and was followed by the principal speaker Donald B. Rice, past international president of Oakland.

BOOSTERS TO MEET MONDAY

Members of the Torrance Booster club still holding membership receipt books are asked to please bring them to the next meeting on Monday, January 28, 8 p.m. at the YMCA. The Torrance Boosters club is not just a club for fathers of students of Torrance High but a club for all men who are interested in the activities of these students.

Talking About The Weather

By MARK EUBANK
Mostly clear today and tomorrow with little change in temperature. Slightly warmer tomorrow.
The high temperature last week was 78. The low was 32. The strongest wind speed recorded was a gust of 15 mph recorded during the pas-

sage of the storm front last Sunday afternoon. Saturday afternoon Torrance shared the highest temperature in the nation with Culver City and Yuma Arizona with a 72 being recorded. Usually Florida captures the high temperature in winter but the recent cold wave gave Florida a chill.
A fast moving front passed through the Southern Califor-

nia area Sunday afternoon. The front deposited .43 of an inch of rain in the Torrance area.

Chace presented an engrossed scroll to Mayor Albert Isen, Councilmen Robert Jahn and Nicholas Drale, and Manager Dick Fitzgerald of the Torrance Chamber of Commerce.
